

Locked Down

By Samuel Alfano

Judge's Comments: I loved this comic! Obviously, it's extremely timely material, but also, in the simplest form, it effectively communicates its ideas to the reader. That's the essence of comics to me. I feel despite the primitive images, this is a deeply sophisticated story that made me laugh, made nod my head and say, Oh yeah... There's a good understanding of getting across to a reader what the simple figures are feeling and experiencing. Nice work! Make more comics!
